## Job Description: Quality Technician

### Cala Health, Inc.

#### About Cala Health

Cala Health is a bioelectronic medicine company transforming the standard of care for chronic disease. The company's wearable neuromodulation therapies merge innovations in neuroscience and technology to deliver individualized peripheral nerve stimulation, and its vertically integrated commercial model is reshaping the delivery of prescription therapies. Cala Health's lead product, Cala Trio™, is the only non-invasive prescription therapy for essential tremor. New therapies are under development in neurology, cardiology, and psychiatry. Cala Health is headquartered in the San Francisco Bay Area and backed by leading investors in both healthcare and technology. For more information, visit [CalaHealth.com](http://CalaHealth.com).

#### The Opportunity

Cala Health is seeking a Quality Technician to join our growing team. The role will report to Quality Engineer.

Specific Responsibilities also include

- Manage the returned product process.
- Complete failure investigations using critical thinking and evaluation methods.
- Document investigation results and provide reports to a variety of stakeholders.
- Support development of standardized process and work instructions
- Use and recommend appropriate inspection tools. Including programming the automated visual inspection system.
- Provide back-up support for inspecting incoming components, in-process assemblies and final assemblies.
- Support hardware/firmware/software test execution

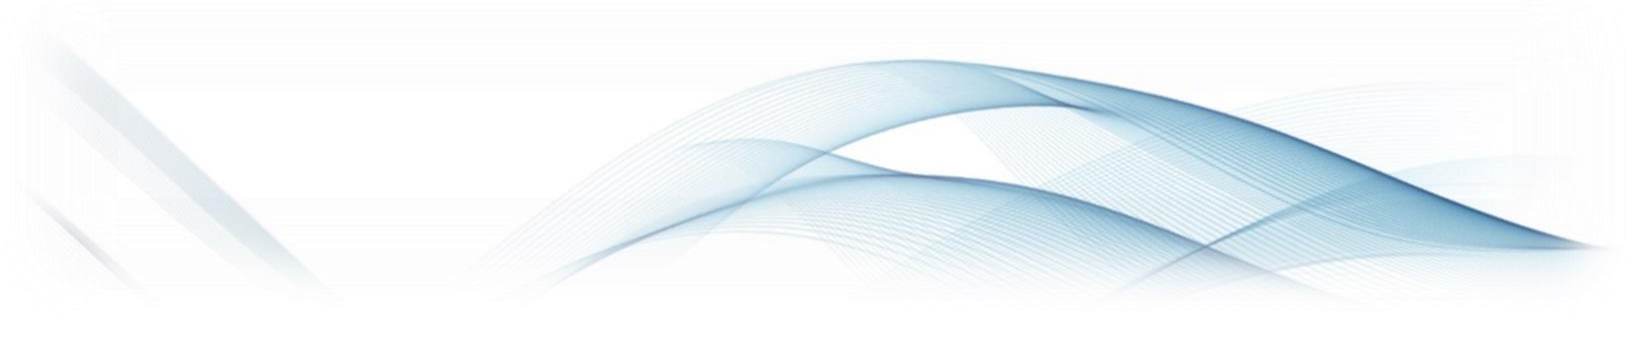

#### Desired Skills and Experience

We are looking for a Quality Technician to support Cala Health in a dynamic, fast-paced startup environment, exemplified by:

- B.A. degree or equivalent preferred.
- 2 years work experience
- Flexibility in working in a fast pace, dynamic environment
- Strong computer skills and experience.
- Strong interpersonal, analytic and organizational skills
- Process orientation when planning and performing work
- Ability to understand and interpret written material as well as explain those materials to team members and employees
- Good writing and communication skills
