Job Description: Supervisor, Materials & Logistics Cala Health, Inc.

About Cala Health

Cala Health is a bioelectronic medicine company transforming the standard of care for chronic disease. The company's wearable neuromodulation therapies merge innovations in neuroscience and technology to deliver individualized peripheral nerve stimulation, and its vertically integrated commercial model is reshaping the delivery of prescription therapies. Cala Health's lead product, Cala Trio™, is the only non-invasive prescription therapy for essential tremor. New therapies are under development in neurology, cardiology, and psychiatry. Cala Health is headquartered in the San Francisco Bay Area and backed by leading investors in both healthcare and technology. For more information, visit CalaHealth.com.

The Opportunity

Cala Health is seeking a Materials & Logistics Supervisor to join our growing team. The role will oversee storage, control and distribution of materials and products in support of the Manufacturing team.

Specific Responsibilities also include:

- Managing the storage and tracking of inventory and finished goods
- Setting up and coordinating off site storage as needed
- Oversight of all shipping and receiving activities
- Kitting materials and making sure supplies are available to manufacture assemblies per the established build plan
- Monitoring inventory usage to highlight potential shortages and identify excess or obsolete materials
- Implementing and maintaining inventory Kanbans to trigger material purchases based on minimum stocking levels and lead times
- Partnering with Customer Success to ensure sales orders are accurately shipped as requested
- Other duties as assigned

Desired Skills and Experience

We are looking for a motivated, team player to support materials and logistics in a dynamic, fast-paced startup environment, exemplified by:

- At least 5 years of experience in the medical device or other regulated industry; DME experience is a plus
- Self-motivated, able to work with minimal direction and can prioritize work effectively
- A problem solver able to identify and address root cause
- Experience performing physical inventory and cycle counting
- Experience kitting and backflushing parts per BOM

CONFIDENTIAL

FRM-5000-3 Rev E

- Experience with domestic and international parcel shipments using USPS and couriers like FedEx
- Experience using and preferably helping implement small to medium scale ERP systems.

Cala Health believes our success is based on diversity of people, teams and thinking. We offer all employees the tools, training and mentoring they need to succeed. Our selection process is driven by the key requirements for the role rather than bias or discrimination on the basis of a candidate's sex, gender identity, age, marital status, veteran status, non-job-related disability/handicap or medical condition, family status, sexual orientation, religion, color, ethnicity, race or any other legally protected classification.

If you or someone you know might be interested in this position, please submit a resume & an introductory email to careers@CalaHealth.com.
